

November 2019

Pupil Name:

Dear Form One Parents

This year we are buying books again. There is no opportunity for new pupils to buy second hand books from this year's form ones, so the shop will buy them from you and the credit kept in the shop for you to use, or the money refunded in the New Year. **Please remember that no money will be given to your son.**

There are 4 books that will be used again in 2020 and these will be marked, by us, according to their condition i.e. **half price of what you paid or less. Tatty books and third-hand books will not be accepted, as there is no sale for them.**

If you are interested, please get your son to bring these books only, plus the attached list, to the shop as soon as he has written his final exams and no longer needs them to study.

It is very important to remember to bring books in this year, as new parents want books before school starts next year. **Books will not be accepted next year, as there will be no use for them.**

We hope you will use this opportunity to sell unwanted books at very little trouble to yourselves.
