

**PARKTOWN BOYS'
HIGH SCHOOL**

To Whom It May Concern:

Scholarships

As part of our mandate, Parktown Boys' High School, provides scholarships for students from a diverse background who otherwise would not have the opportunity to attend the school. The criteria used to select candidates take the following into account: merit; transformation; affordability; values; attitude/work ethic; potential and ability. These scholarships are currently carried by the school after numerous external donors have withdrawn as a result of the pandemic we are in. This has led to a huge financial strain on the school that is not sustainable. Our current cost to the school for scholarship is R4.7 million this equates to 87 students on full scholarships for tuition fees (R55 000 in 2020).
